The Internal Revenue Service has agreements with State tax agencies to exchange information about Federal tax, including increases or decreases, with the States. If our change affects the amount of your State income tax, you should file the required State form.

You may be subject to backup withholding if you underreport your interest, dividend, or patronage dividend income and do not pay the required tax. The IRS may order your payers to start backup withholding at 31 percent if we have sent you four notices over a 120-day period and the tax you owe remains unpaid.
