Dear Taxpayer:

Reason for this notice

You are currently on an installment agreement to pay tax that you owe. Our records indicate that you missed an installment agreement payment. We understand that during these uncertain financial times, you may have difficulty in meeting the terms of your installment agreement.

What you need to do immediately

- If you've already paid your monthly payment, please ignore this notice.
- Please make your next payment by the payment due date or your installment agreement will be cancelled.
- If you can't pay the monthly amount you owe, please call us at 1-800-829-0922. We might be able to reduce your monthly payment amount. Please note that reducing your monthly payment amount will increase the time it takes to pay off your installment agreement.

If We Don't Hear From You

Your installment agreement is still in effect; however, if you don't pay the monthly amount you owe by the next payment due date, it will be cancelled.

Additional information

Please remember that penalties and interest will continue to accrue until the amount you owe is paid in full.

Sincerely yours,

Scott Irick
Dir., W&I Filing/Payment Compliance
